-2-

January 25, 1957

Total men trained over period covered by this report	33
Total trained last report - - - - -	<u>48</u>
Grand Total to date - - - - -	<u>81</u>

This represents 61.8% toward completion of SC-57 Contract as of January 25, 1957, and does not include the five (5) additional men from [REDACTED] that were included in the last class.

The training schedule is being maintained as originally planned and barring unforeseen changes, the completion date remains as April 26, 1957.

III WAREHOUSE ASSISTANCE

The average number of men being supplied as warehouse technicians since date of last report is eight (8). These eight include one Supervisor and seven men. It is believed that not more than a maximum of nine men will be required at any one time to fulfill the anticipated requirements.

Yours,
Bob and George
